# BEST EXPERIENCE SETUP

**For the smoothest experience:**

Use a Laptop or Computer

**Use a Chrome-based browser:**

- Google Chrome
- Microsoft Edge

**If it won't load:**

Clear your cache

Still no luck? Turn off your VPN

***Why Chrome-Based Only?***

Our platform is optimised for Chrome-based browsers because they're the most commonly used.

Safari or Mozilla Firefox might block features or won't load at all.

Want another browser supported? Let's talk — we can build it for you.

***No VPN Needed***

Our platform is:

- Decentralised
- Tap-proof
- Ad-free
- No data harvesting

Your VPN is not protecting you here — it's likely blocking the platform. Turn it off for full access.
